

Dinky Detectives

Hansel and Gretel.

Activity pack

This pack contains everything that you will need to explore the story of Hansel and Gretel, including a link to the story video, discussion points and fun activities.

Start off by watching the story here:

Discussion points:

- Not to trust strangers and the idea of 'stranger danger'. The witch in story seemed nice and that she wanted to help the children but instead was not helping at all.
- That some things are sometimes not as good as they look. The sweet house in the story turned out to be a trap.
- The people in the world around us that are there to help us.
