

The Three Little Pigs.

Dinky Detectives

The Three Little Pigs

Activity pack

This pack contains everything that you need to explore the story of the three little pigs. Including a link to the story video, discussion points and fun activities to complete.

Start off by watching the story:

<https://www.youtube.com/watch?v=yhfCIOVJH3w>

Discussion points:

- Different materials in the world around us and what they can be used for. Just like the three little pigs all used different materials to build their homes with.
- The idea that hard works pays off. The little pig that took the longest to build his house had the best and strongest one.
- You could also touch on the idea of 'stranger danger' and talking to people that we do not know.
- People in the world around us that are there to help us and how they can.

If you would like to explore 'people who help us' in greater detail why not use our download pack? -

Activities

To get you started we have including a number of different activities for you do over the following pages.

These include:

- A colouring sheet.
- Material hunt.
- Building challenge.
- What time is it Mr Wolf? Game.

Different material challenge. Work together to see if you can find all these different materials and decide whether they would make a good building material for a house.

**Can you find something
that is...**

Soft

Wood

Hard

Shiny

Metal

Blue

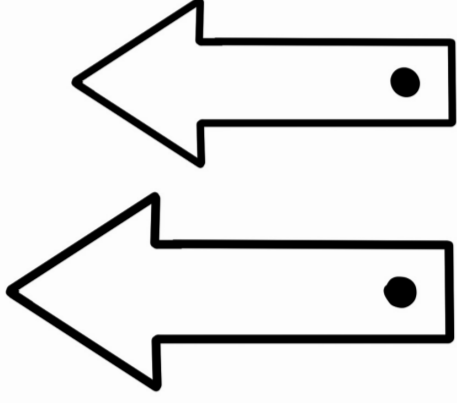

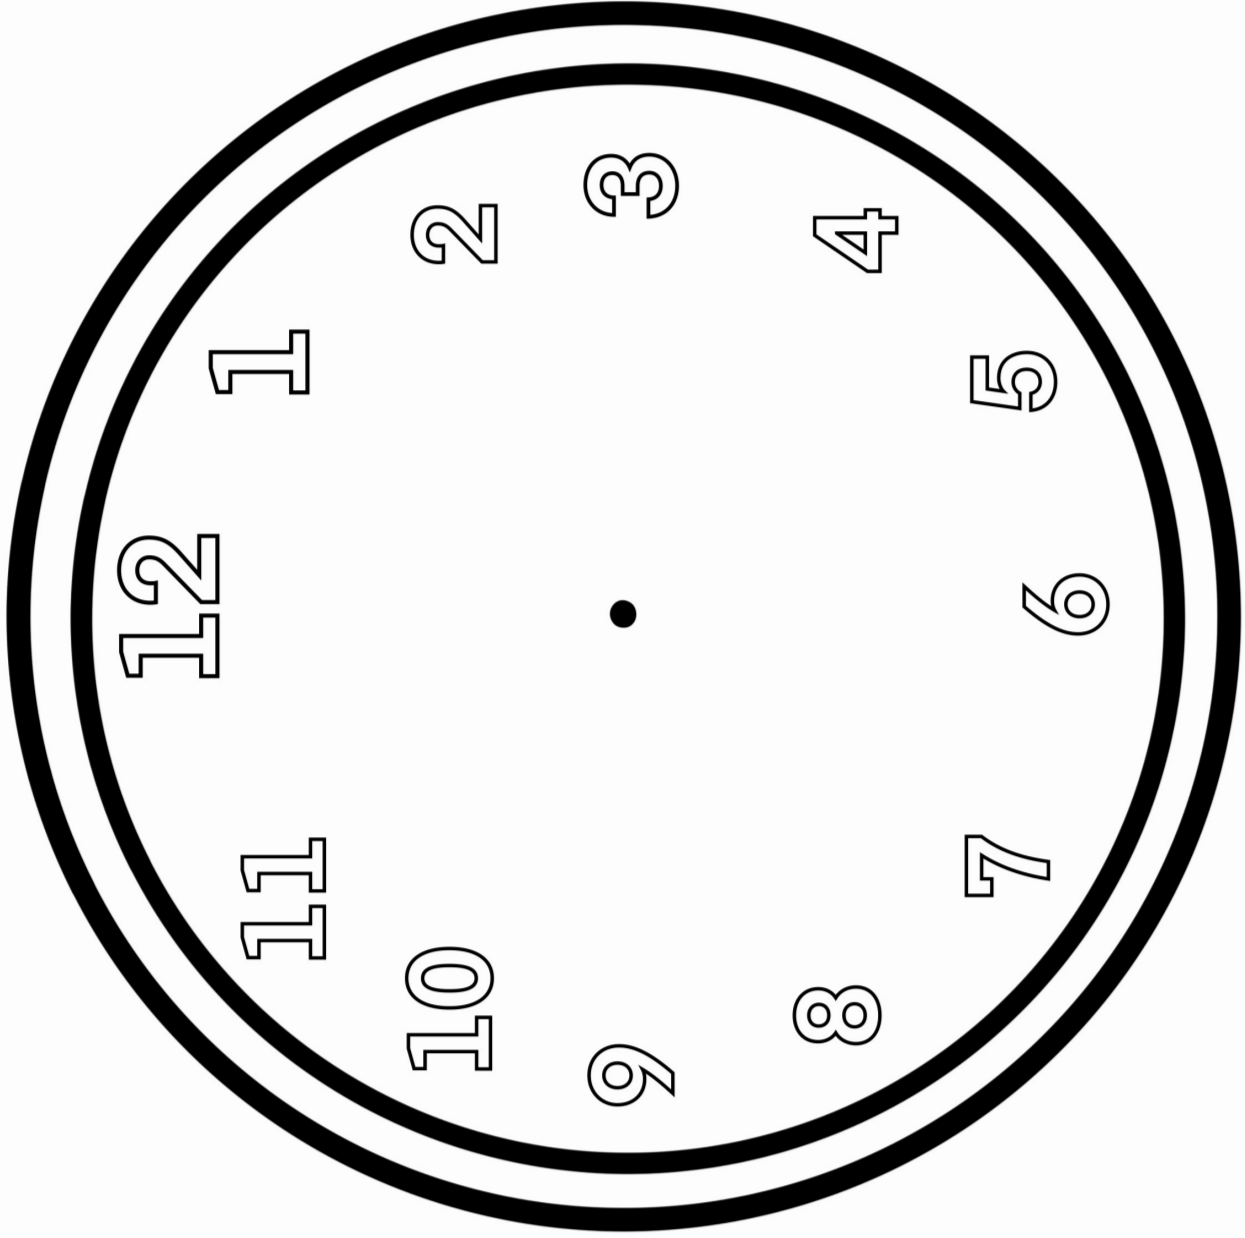

Building challenge!

Collect together all different materials you could build with around your house. For example Lego, Duplo, wooden blocks or even cardboard boxes, anything you can think of! Then challenge your child/ children to build the best house they can.

Why not see if it can be blown down?

What Time is it Mr Wolf?

Play a game of what time is it Mr wolf. You can use the clock here to help with numbers and times.

To use the clock you can work together to add some colour and carefully cut out the arrows. Then you will need a split pin or similar to attach the arrows to the clock face, but make sure that they can still move freely.
